Senate Swaps Ship Subsidy Bill and Army Reorganization Report.

THIS IS NOW THE DAILY PROGRAM

House Committee on Elections Reports That Irregularities in Ninth Virginia District Come Very Far From Defeating Rhea.

Washington, Jan. 30.—The senate agreed to a resolution introduced by Mr. Jones (Ark.) requesting the secretary of war for information whether the executive council of Porto Rico has agreed to guarantee dividends to corporations doing business in that island.

The conference report upon the army reorganization bill was presented by Mr. Hawley, who explained the report and said the committee on conference had introduced no new legislation in the bill. Mr. Hale asked especially whether there had been any increase of officers in any instance over the numbers permitted by the bill either as it passed the house or the senate. Mr. Hawley replied in the negative, but Mr. Butler (N. C.) insisted that there had been an increase of color sergeants in the artillery provision. At 2 o'clock the conference report gave way to the ship subsidy bill. Notice was given that the army bill would be called up again Thursday.

Mr. Clapp, the new senator from Minnesota, presented the credentials of his colleague, Mr. Nelson. Mr. Burrows (Mich.) also presented the credentials of Mr. McMillan as senator from Michigan each for the full term of six years from March 4.

In the House, When the house met Mr. Taylor (O.) chairman of the committee on elections No. 1 submitted the report on the contested election case of Walker vs. Rhea from the Ninth Virginia district. The committee found that while frauds and irregularities occurred in the election they fell "very far short" of changing the result. The committee therefore recommended that Mr. Rhea the sitting member, who is a Democrat, should retain his seat. Messrs. Linney (N. C.) and Samuel Daveport (Pa.) dissented from the conclusion of the majority and were given leave to file their views. The report will be called up in the near future. The house then resumed consideration of the agricultural appropriation bill.

Information About Mabini, Washington, Jan. 30.—The war department is collecting data in regard to the case of Mabini, the Filipino leader, in order to answer the resolution adopted by the senate at the instance of Senator Pettigrew calling for the facts in the case. It appears from his official record that Mabini was captured by General Lawton in one of the raids in southern Luzon and was sent to Manila as a prisoner of war. He was granted parole and, it is said, violated his oath by going back among his people and inciting them against the United States. For this he was again placed in confinement. Recently to limit his activities, General MacArthur changed his place of confinement from Manila to the island of Guam, where he will be held as a military prisoner of war. The report of the secretary of war on this case will be forwarded to the senate shortly.

Philippine Franchises, Washington, Jan. 30.—Neither the state department nor the German embassy so far has received any communication from the German government urging the enactment of the Spooner Philippine resolution, as indicated in recent Manila advices. The government is fully aware that foreign capitalists, German and British, desire to begin immediately the investment of large sums of money in the Philippines as soon as that can be done safely. The Philippine commission, through Judge Taft, has reported its inability to confer any sort of a permanent franchise has paralyzed the development of the archipelago.

The Asphalt War, Washington, Jan. 30.—The reported disorders in Venezuela involving American asphalt interests have not come to the attention of the state department. Minister Loomis has acquainted the department with the fact that the Venezuelan government is willing and anxious to have the merits of the rival asphalt concessions left to the determination of the Venezuelan courts. The state department has decided that this is the proper course to pursue, and has so informed Loomis.

Mosquito Fleet at the Canaries, Washington, Jan. 30.—The navy department has received a cablegram announcing the arrival of the Mosquito fleet at the Canary Islands. This fleet of small vessels consists of the cruiser

Annapolis, the converted yacht Frolic and the tugs Wampatuck and Piscataqua. They are en route to Manila for patrol duty in the Philippines. The department was much alarmed as to the safety of the fleet, because merchant vessels shipping in the same waters have suffered severely.

CONGER CONSENTS.

China May Chop the Small Fry Not Bucked by Armies.

Washington, Jan. 30.—While vigorously opposing the execution of Prince Tuan and General Fu Hsiang, Mr. Conger, with the approval of the United States, has agreed to decapitation of four ringleaders in the Chinese outrages of last summer. Two of these are Prince Chwang, a deputy commissioner in chief of the Boxers and Yu Hsien, who was removed by the empress dowager from the post of governor of Shansi.

It is understood before agreeing to the execution of the four officials the authorities ascertained that the Chinese government would be able to comply with such a demand. The case of General Tung Fu Hsiang is different. Surrounded by an army devoted to him, he would resist an attempt to execute him and civil war would be precipitated. The strong position of Prince Tuan also makes decapitation impossible in his case. Mr. Conger has cabled that he was strongly opposing the execution of the Chinese generals and others whom the Chinese government could not reach.

In acquiescing in the execution of the minor officials the United States yields to the wishes of Great Britain and Germany, with whom Russia and Japan had agreed. The United States was alone in opposition and it was deemed important in order to obtain concessions in the future, to acquiesce in this matter.

Instructions to Conger.

Washington, Jan. 30.—Being obliged by the attitude of the other powers interested to continue at Peking the negotiations looking to a settlement of the Chinese difficulties, in spite of a discouraging outlook for a favorable conclusion there, the department of state has sent by cable to Mr. Conger very precise and detailed instructions for his guidance on the question of indemnity. The ministers have finally reached this important topic which was one of two or three that the state department earnestly desired to have dealt with by other agencies and at another capital than Peking.

Andrade Interested.

San Juan, P. R., Jan. 30.—Senator Andrade, former president of Venezuela, has sailed for Havana incognito. It is rumored that he intends meeting a filibustering expedition, which is reported to be on its way to Venezuela by way of Cuba. He is said to have purchased arms and to have arranged the details of the expedition when in New York last autumn. There is no doubt Andrade is interested in the revolution and in the efforts to overthrow President Castro who drove him from the presidency in 1899 and caused him to seek refuge here. Insiders in Porto Rico, however, express the opinion that Andrade does not aspire to resuming the presidency of Venezuela. He is considered to be a weak man by those who know him.

Stillwell Sticks to It.

Indianapolis, Jan. 30.—When the senate convened the Kentucky question was brought up again by Senator Stillwell, who introduced his former resolution in a slightly altered form, expressing the sentiment of the senate that Taylor and Finley, Kentucky refugees in Indiana, should be returned to Kentucky on a requisition by Governor Beckham. Stillwell conferred with some of the Republican members and an agreement was reached by which President Gilbert was to hold the resolution in order and on motion of a Republican member it was to be made a special order for discussion one day next week.

Yaquis Filled With Fire Water, Tucson, A. T., Jan. 30.—La Cananea, the mining camp of the Green Consolidated Mining company in Sonora, Mex., was held for three days by a band of Yaqui Indians and the people of the camp was at the mercy of the Indians. It seems that a large number of Yaquis who were employed at the camp got drunk when paid and for three days ran the camp to suit themselves. There were a number of serious cutting affairs but no one was killed. The Americans with the assistance of Mexican cavalrymen finally succeeded in quelling the rebellion.

MacArthur to Be Supplanted.

Washington, Jan. 30.—It is rumored that Major General Arthur MacArthur will be relieved from duty as the commanding general of the division of the Philippines in April and that he will be succeeded by Brigadier General James F. Wade.

COWES IS VERY QUIET.

City Where the Queen Lies Dead Is Hushed in Reverence.

PREPARING FOR VICTORIA'S FUNERAL

Queen Will Not Be Buried at Night By Torchlight—Rehearsals For The Funeral Procession—King Carlos Arrives at London.

Cowes, Jan. 30.—Construction of the mortuary chapel on the quarter deck of the royal yacht Alberta is proceeding apace. Elaborate precautions are being taken to prevent any hitch in Friday's arrangements. The Duke of Connaught and King Edward have returned from London.

A company of the Queen's guard again rehearsed military movements to be executed when the funeral procession winds its way through the narrow and tortuous streets of Cowes, and the bearers experimented with a lead-weighted bier the same weight as the royal casket. Active preparations are being made along the route to be traversed by the funeral cortege. Wreaths of evergreen three feet in diameter will be suspended from lamp posts and houses are being draped.

Queen Victoria's explicit directions as to her funeral were written in 1862. It was her wish that the ceremony should copy that of Prince Albert's burial so far as possible. The queen will be the first English sovereign who will not be buried at night and by torchlight.

Cowes is very quiet. The streets are practically deserted. Detectives continue the same rigorous precautions which have been observed since the arrival here of Emperor William. Every steamer or launch arriving on either side of the Medina river is closely scrutinized, while the approaches to Osborne House are as effectually guarded as ever, though the authorities deplore the idea that they have any particular apprehension of the presence of undesirable foreigners. The deputy governor has ordered all business places on the island to be closed from 12 o'clock to 4 p. m. Friday.

The Naval Pageant.

Portsmouth, Jan. 30.—The warships are already assembling for Friday's great naval pageant. The arrangements which have been completed, provide that eight torpedo boat destroyers will lead the procession from Cowes followed by the royal yacht Alberta with the queen's body on board. The royal yacht Victoria and Albert with King Edward and Queen Alexandra, the English royal family; the royal yacht Osborne, with other royal personages; the imperial yacht Hohenzollern, with Emperor William, the Duke and Duchess of Connaught and others, the admiralty yacht Eucharis and a Trinity House yacht with officials on board. The main squadron of battleships and cruisers will be moored two and a half cables apart, in one line, extending from Cowes to Spithead. The foreign war vessels are to be moored southwest of the British ships in the order of their arrival and alongside of them will be moored eight British gunboats. After leaving Trinity pier, the Alberta with her attendant escort will steam along the deep channel between the coast of the Isle of Wight and the line of battleships and cruisers. On arrival at Portsmouth, the royal yachts will remain in the harbor Friday night.

Funeral Rehearsals.

Windsor, Jan. 30.—Several of the younger members of the royal family have arrived here and will go from here to the castle for the funeral. Rehearsals of the distinctive features of the obsequies are recurring constantly. Practically the whole of the royal borough will be draped in mourning, whereas, elsewhere only the route of the procession will be thus marked. Enormous numbers of floral emblems, from the six-foot cross of royalty to the tiny tributes of the local cottagers are pouring in, and are being placed in the chapel. Only the wreaths of the royal family will be deposited round the catafalque.

King Carlos at London.

London, Jan. 30.—King Carlos I. of Portugal, with his suite arrived at Dover at 10 a. m. He was received with a royal salute and military honors. The royal party boarded a train for London to attend queen's funeral. King Carlos and his suite were driven in royal carriages to Buckingham palace. King Carlos was warmly greeted by fair sized crowds gathered along the route in anticipation of his arrival. There was no military escort. Later in the day King Edward visited the king of Portugal.

George Has German Measles, Cowes, Isle of Wight, Jan. 30.—An

official bulletin says the Duke of Cornwall and York, who is suffering from German measles, is progressing satisfactorily. Though his condition is not serious he will be unable to attend the queen's funeral.

Services at Washington.

Washington, Jan. 30.—President McKinley and all of the cabinet members will attend memorial services of Queen Victoria to be held at St. Johns Protestant Episcopal church Saturday.

NIGHT OF TERROR.

Entry of West Indian Troops on the Island of St. Helena.

London, Jan. 30.—The West Indian troops stationed at the island of St. Helena, where General Cronje and a large number of Boers are held prisoners, mutined Jan. 2, raided the town, terrorized the inhabitants, injured many of them, defied their officers and were subdued only at the muzzles of rifles. The censor suppressed the news, but the story leaked out by mail. The trouble began with a row the night of Jan. 1 between bluejackets and a party of the West Indians. The following night, the West Indians broke out of barracks and raided the town with clubs and razors tied to sticks. They ran amuck, cutting and beating women, children and men indiscriminately and attacked the Sailors' Rest, tearing out the doors and windows. All efforts of the officers to suppress the mutiny were futile. When ordered to the camp they refused to obey and threatened to dynamite the town. A strong naval force was landed, the available troops were collected and the streets were paraded and guarded all night. At daybreak the troops were drawn up with loaded rifles in front of the place, where the West Indians were barricaded. The latter were ordered to surrender and notified if they did not do so they would be fired upon. The mutineers were finally cowed and taken to the camp, where they will remain under guard until a troop ship arrives to remove them.

Railroader Resigned.

Kansas City, Jan. 30.—Chairman H. H. Hunnewell, of the board of directors of the Kansas City, Fort Scott and Memphis and the Kansas City, Memphis and Birmingham has tendered his resignation. Mr. Hunnewell is nearly 50 and has been chairman of the board since 1884. Prior to that time he had been president of the Kansas City, Fort Scott and Gulf, the predecessor of the Memphis from 1876 to his election as chairman of the board. The Kansas City, Memphis and Birmingham was built during his term as president. Mr. Hunnewell was one of the best known figures among railway pioneers.

Neely Arrives at Havana.

Havana, Jan. 30.—Charles W. Neely, former chief of the bureau of Cuban postoffice department, who was arrested at Rochester, N. Y., in May charged with embezzling \$36,000 of the department funds, arrived here on the steamer Mexico from New York, Jan. 27. Captain Lucien Young, captain of the port, took charge of the prisoner and delivered him to the keeper of the prison. Senator Viondi, Neely's counsel, had a long talk with the prisoner. The latter, who is in good spirits, received many visitors and talked confidently of his acquittal.

New Incorporations.

Columbus, O., Jan. 30.—Grace Reformed church, Toledo; Millersburg Board of Trade, Millersburg; Central George K. Nash club, Cincinnati; Glens Club company, Cleveland, \$10,000; Tuesday Musical club, Akron. Hixson Adjustable Sieve company Ashland, increase from \$2,000 to \$5,000, and changing name to the Ashland Sieve company.

School Superintendent Resigned.

Londonville, O., Jan. 30.—On account of rumors in circulation to the effect that Prof. George H. Booth, superintendent of public schools, had been in the habit of hugging some of the prepossessing female pupils, Prof. Booth has tendered his resignation. In his resignation he positively asserts that he is innocent.

Killed His Wife to Death.

Truckee, Cal., Jan. 30.—John Ishan, while intoxicated, kicked and beat his wife to death. He was captured with his boots covered with blood. Crowds are on the street discussing the affair and a lynching may be attempted.

Engineer and Burglar.

Birmingham, Ala., Jan. 30.—Lee Mason, a burglar, was shot and killed in James Bennett's saloon by the bartender, who was sleeping in the place. Mason was recognized as an engineer at one of the iron furnaces.

Gibson on Trial.

Cattlettsburg, Ky., Jan. 30.—William Gibson, the alleged child murderer is on trial. The jury was quickly impeached. The people are awaiting the result without excitement.

WITH THEIR HATCHETS

Thirst Parlor-Raided and Wrecked By Saloon Smashers.

LIQUOR TURNED INTO THE GUTTER.

Women Were Accompanied by Their Husbands For Protection—School-girls Among the Smashers—Four Saloons Were Demolished.

Anthony, Kan., Jan. 30.—Before most citizens had reached their places of business 12 women of Anthony W. C. T. U. armed with hammers, hatchets and pickaxes raided and completely demolished four saloons here. Husbands of the women went along armed to protect their wives. Among the brigade were two or three school girls under age, who did some of the most effective smashing. A greater part of the havoc was finished before the police or mayor were aware of what was going on. The actual damage done to personal property aside from the liquor destroyed, is placed by the saloon keepers at \$2,000. This, however, is believed to be too conservative. The greatest excitement prevails. For a time the whole town was in an uproar and it was feared that personal violence would result.

The first place attacked was the rear of a drug store, which was forcibly entered from the rear. It contained some costly bar fixtures and among other things a valuable cash register. Within a few minutes the women had smashed everything in sight. The cash register was demolished but in their hurry to finish this job and go to other places the raiders overlooked the bulk of the liquor stored away.

Half a block down the street, the second smashing was enacted. They found this saloon locked, but axes were applied and the whole glass front was demolished. Here their work was more complete, the building, a great plate glass mirror and everything in sight being reduced to the maximum of the Carrie Nation idea. The proprietor was struck on the head with a beer bottle and his scalp laid open by the husband of one of the women.

In quick succession two other places a short distance down the street were subjected to similar treatment, the fixtures smashed and all the liquor turned into the gutter.

The saloon keepers of Anthony each have a warroom aside from their saloons where their stock of liquor is kept. The crusaders did not know this and a considerable amount of liquor is yet unmolested.

After the demolition was complete the crusaders held a prayer meeting on the sidewalk, and sang "Nearer My God to Thee" with fervor.

The raid was led by Mrs. Sheriff of Danville, a small town near by. She organized the local temperance women and planned the crusade. Mrs. Sheriff had previously destroyed a saloon in Danville and she is accredited with having given Mrs. Nation the first idea for a wrecking crusade. Mrs. Sheriff is a stranger to the people of Anthony and for a time many in the crowd that followed the crusaders from place to place believed she was Mrs. Nation.

Saloon Smashers Organize.

Topeka, Kan., Jan. 29.—Mrs. Carrie Nation organized a band of 40 women to follow her leadership and assist in wiping out saloons. Mrs. Nation announced that they would go ahead regardless of the W. C. T. U. They would, she said, give warning by resorting to violence.

Shotwell Trial Begun.

Williamsburg, Ky., Jan. 30.—The trial of the Shotwells and their associates, indicted for the murder of Sutton Farris, and Susan Cox and blowing up White's store at Corbin Jan. 16 has begun here. There are 150 witnesses present. It is reported the Shotwell faction is heavily armed. The court is taking the necessary precaution to protect all and enforce the law.

Englishman Acquitted.

Easton, Pa., Jan. 30.—"Paddy" Donovan the Philadelphia pugilist who has been on trial at Belvidere, N. J., on a charge of manslaughter, in causing the death of Frank Welch, another Philadelphia pugilist during an exhibition fight at Phillipsburg, N. J., New Year's eve, was acquitted. The jury was out but a short time.

Indianapolis, Jan. 30.—A resolution was introduced in both branches of the legislature demanding the appointment of a special committee to investigate the women's prison and girls' industrial school in this city. The resolution states that reports are current that inmates in the prison are not properly fed and that methods used for punishment are inhuman.

Senator Frye has notified the Senate that it is his intention to keep the Ship Subsidy bill at the front, even at the expense of the appropriation bills. Frye is engineering the bill for Hanna, and of course the treasury looters will stop at nothing to get this infamous measure through.

Death and the other members of that horrible new Jersey gang assert that they will merit the confidence of the public by the straightforward line of conduct they will pursue during their term of imprisonment for killing a poor girl. These worthies will find they have begun a trifle too late in the race for glory and virtue.

MONEY IN PLUG TOBACCO.

A writer in the Farmers' Home Journal, in speaking of the tobacco trust, says: "I would call attention to the fact that the price of leaf tobacco of the white burley variety has been on a decline for two years and this season it will not average more than 7 cents, while the price of the manufactured goods has been advancing and now averages 50 cents a pound. With the large per cent. of sugar and figs and prunes and other ingredients added to the leaf in the plug goods, I venture the statement that every pound of leaf tobacco brings a net profit of 25 cents to the manufacturer."

Mayeville people who have money to invest should investigate this line of business. If the trust is making a net profit of 25 cents a pound manufacturing tobacco at other points, there would be even greater profit in the business here in Mayeville, the center of the greatest burley district in the country.

"BARBARIC EXCLUSION."

One of the ablest speeches yet made on Hanna's ship subsidy bill was that of Senator Vest Wednesday. The infamous character of the proposed "grab" can best be understood after a perusal of the Missouri Senator's remarks.

He said that when he visited Hamburg a few years ago he saw in the harbor 152 ships flying the British flag and not a single one carrying the Stars and Stripes. England, he said, had been wise enough to do what this country, in its stolidity and stupidity, had failed to do. She had maintained her supremacy on the ocean by purchasing her fast clipper ships from the United States. Mr. Vest declared that the policy proposed by the pending bill was one of "barbaric exclusion," framed for New England's benefit. He thought the people at large had done enough for the northeastern coast without contributing \$180,000,000 more to build up the ship industry.

Mr. Vest said that the vessels of what is known as the American Line (the International Navigation Company) in the course of twenty five years the subsidy was to run would receive at least \$42,000,000 of the total which would be paid out. The Pacific Mail Steamship Company, he said, would be the next beneficiary under the bill. With its present ships and the two vessels it was building now it would receive \$550,000 a year of the subsidy.

"The next poor, emaciated, starving corporation which will receive a subsidy under this bill," said Mr. Vest, sarcastically, "is the Standard Oil Company."

It was, he said, trembling with emaciation and hungry for the necessities of life, its shares of stock being worth only \$830 each. He had endeavored to ascertain how much of the subsidy the Standard Oil Company would receive, but the company had declined to supply any information as to its ships.

In concluding, Mr. Vest said:

"This bill will pass the Senate. It is part of the protective system sacred to the Republican party, and especially in New England. Drunk with victory, the Republican party will stop at nothing."

Brought Good Fortune.

A small item in his own paper lately brought amazing good fortune to Editor Chris. Reitter, of the Saginaw (Mich.) Post and Zeitung. He and his family had the grip in its worst form. Their doctor did them no good. Then he read that Dr. King's New Discovery for Consumption, Coughs and Colds was a guaranteed cure for a gripe and all throat and lung troubles; tried it and says: "Three bottles cured the whole family. No medicine on earth equals it." Only 50c. and \$1 at J. Jas. Wood & Son's drug store. Trial bottles free.

THE GIBSON CASE.

His Wife, Report Says, Thinks Burning Too Good for Him—Half Brother Tells of Crime.

The trial of Gibson, the child murderer, was commenced at Catlettsburg Wednesday. A jury was secured shortly after noon, and the accused's half brother was one of the first witnesses. A dispatch says his recital was a terrible one.

"He choked her, beat her, knocked her down with pieces of wood, held her before the grate till she burned. He kicked her out, and when I brought her back he kicked us both out. He picked her up by the neck and then he dropped her, saying: 'D— you, now die.' I didn't tell because I was afraid."

The lad said that when the child lay dying, John dragged her from the bed and kicked her, then threw her back. "Gibson heard the horrible tale without the least sign of emotion," says the special.

Chief of Police Yost counted over fifty burns upon the child's body.

A. C. Castle, neighbor of Gibson, told of being summoned to the Gibson house, and said the girl was dying. She lived but a few minutes, and from the marks on her face he thought she was ill with small-pox. Gibson sat beside the bed, but fled when small-pox was spoken of.

Dr. Williams testified that the girl died of convulsions resulting from shocks of burns. The body was bruised and burned from head to foot.

A poker, which was found in the Gibson home, was identified by the witness. Gibson fled when the witnesses started to summon an officer. Dr. Moore, Coroner of Boyd County, said that death was due to a dislocated spine, caused by violence.

Gibson's wife refuses to see him. She is now living at Kenova. "Hanging is too good for him. They ought to burn him, as he did her," she is reported to have said to a newspaper reporter. "I loved him, but now I care nothing about his fate," and she has held firm to her resolve not to see him, despite the supplications of Gibson and his lawyers.

IT'S IMPOSSIBLE

To Disprove Fact—It is Decidedly Easy to Verify Maysville Opinion.

Nothing by way of an introduction could be added to the experiences and opinions given below which could increase their value. Maysville people can be safely left to draw their own conclusions based on such convincing proof as this citizen offers. What is there lacking in evidence like this to satisfy a dyed-in-the-wool doubting Thomas?

Mrs. J. B. Gibson of 113 West Fourth street, says: "The value of Doan's Kidney Pills is quickly made manifest by their use. I obtained them at J. Jas. Wood & Son's drug store, corner of West Second and Market street, and although my experience was not extensive it was because their curative powers were so quickly demonstrated that extended use was unnecessary. The quick relief from backache which was obtained from the use of Doan's Kidney Pills causes me to recommend this valuable medicine whenever opportunity offers."

BEN FRANKLIN'S BEQUEST

To Boston Now Reaches Over \$300,000—To Be Invested to a Branch Public Library.

Benjamin Franklin, who died in 1790, left \$5,000 each to the cities of Boston and Philadelphia, to be kept invested for a period of 100 years, and the entire accumulation devoted at the end of the century to certain public objects.

How great a difference there can be in the financial management is shown by the fact that the Boston fund now amounts to \$336,880 and that of Philadelphia to but little over \$100,000.

Boston has decided to spend the money for a branch of the public library, to be called the Franklin Institute, especially used for classes and lectures in history and science and for instruction in applied arts and mechanics.

Philadelphia will turn over its Franklin fund to the park commission for an art gallery.

A Deep Mystery.

It is a mystery why women endure backache, headache, nervousness, sleeplessness, melancholy, fainting and dizzy spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe Cherley, of Peterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters cured me, and, although seventy-three years old, I now am able to do all my housework." It overcomes constipation, improves appetite and gives perfect health. Only 50c. at J. Jas. Wood & Son's drug store.

The Senate Committee on Judiciary has authorized Senator Lindsay to report favorably the bill dividing Kentucky into two judicial districts, with amendments providing that sessions of court in the western district shall be held at Louisville, Owensboro, Paducah and Bowling Green, and in the eastern district at Frankfort, Covington, Richmond and London. No provision is made for holding court at Ashland or Catlettsburg.

Mrs. Lizzie Prather, who had been seriously ill at Paris for several days with an aggravated case of grip, to all appearances died. Her heart ceased to beat, the pulse stopped and all indications pointed to life being extinct. The trained nurse who had been in attendance upon her pronounced her dead. She lay in this condition for over an hour, when those around her bedside noticed signs of returning animation, and in a short time she had regained consciousness and was able to talk. A few hours later she began to sink and died.

THE GREAT COMMONER.

A Statue of the Distinguished Kentuckian That Attracted Many on Their Visit to New Orleans.

We notice that an old landmark has been removed from Canal street, New Orleans, the statue of the great Commoner, Henry Clay, that has so long adorned that thoroughfare and which was regarded by Kentuckians with pardonable pride and admiration. It was removed to LaFayette square, opposite Dr. B. M. Palmer's church.

While in the city a few years since and standing near this splendid work of art, the writer was engaged in conversation by a gentleman who was an ardent admirer of the great Kentuckian. He was an old Confederate soldier, and learning we were from Kentucky, he asked very particularly for his old army friends, the Lashbrooke boys, whom he said were as nice gentlemen and as gallant soldiers as there were in the army. One of them, Dr. Lashbrooke, had gone into the army from his adopted State, Louisiana.

That is I am going to make it so for those who want first-class goods at rock-bottom prices. Come and select what you want at prices given below. Not for one day only, but as long as they last, and don't forget that I have stacks of them. But they certainly will go fast at these prices, not merely because the prices are exceedingly low, but also because the goods will give satisfaction.

THE TOBACCO FAIR.

Get Your Samples Ready For Exhibition
February 22nd—Washington's
Birthday.

Get your samples ready.
The tobacco fair to be given by the Maysville Board of Trade February 22nd is now all arranged.
The program will be published in a short time and all can then have a full knowledge of what's going on.
In order to have everything done decently and in order and to accommodate those who bring products for exhibition reserved seats and tickets will be given to every exhibitor of samples.
So all exhibitors are thus assured of a special privilege that day in Washington Opera House.

New Livery and Undertaking Firm.
Mr. Wm. Dickson and Mr. Eneas Myall have formed a partnership and will engage in the livery and undertaking business at Coughlin's former stand, just east of the jail on West Third street. They have a complete new outfit, and will be open Saturday for business. Mr. Dickson is an experienced undertaker and embalmer, while both are clever and industrious gentlemen with a large acquaintance. The BULLETIN bespeaks for the new firm of Dickson & Myall a share of the public patronage. Their announcement appears in this issue.

Horses and Mules Wanted.
I will be at Wells & Coughlin's stable, Market street, Maysville, Ky., Monday, February 4th, (County Court day), to buy good horses and mules. Bring them in in good condition, and get the money for them. **SANFORD C. CARPENTER,**
